Presented as a Musical tribute to Dr. Charles V. Wright. Realizing the value of educational theatre, Dr. Wright has, for the last sixteen years, given his enthusiastic support to the presentation of a spring musical by the student actors, singers, and musicians of East Central Junior College. Dr. Wright has supported college theatre at East Central through his words of encouragement, his attendance at performances, and his willingness to permit the college to underwrite each production.

A different musical has been presented each year, and the Players have performed before near capacity audiences during the runs of these sixteen shows. It is, therefore, only fitting that we say a very heartfelt "thank you" to Dr. Wright for taking such an active role in making musical theatre at East Central both a reality and a tradition.
